

First Response Emergency Care Level 3

Operator (FREC 3)

The Qualsafe First Response Emergency Care (Level 3 RQF) covers the full range of skills required by the security industry.

Over 5 days, you will fulfil the competencies set out in the PHEM skills framework at descriptor level D (Advanced Provider). Including Patient Assessment and Management, Emergency Trauma, Focused Emergency and Urgent Care.

Ideally suited for those working in security, public sector, austere hostile environments and individuals who would like an advanced knowledge of pre hospital care

Training is held at our venue in Buckinghamshire, with emphasise on practical elements.

The syllabus includes:

- Basic medical planning
- Incident assessment
- Patient assessment
- Trauma management
- Manage catastrophic bleeding
- Assess and manage patient's airway
- Administer emergency oxygen
- Manage a patient with head and spinal injuries
- Manage a patient with injuries to bones, muscles and joints
- Adult Basic Life Support and AED training
- Environmental emergencies
- Minor illness and injury
- Medical emergencies
- Introduction to multiple casualty management & triage
- Casualty evacuation
- Scenario-based practical skills training interventions

Duration: 5 days.

Entry Criteria: No prior qualifications require. First aid knowledge, would be useful but not a requirement.

Certification: Qualsafe Awards Level 3 Certificate in First Response Emergency Care. Valid for 3 years.
